Biblioterapija u Erasmus+ programu

Sažetak

Knjižničarke kutinske knjižnice Suzana Pomper i Vjera Huić-Pendeš posjetile su Litvu, točnije Vilnius i tamošnju gradsku knjižnicu (Central Library Of Vilnius City Municipality) u sklopu Erasmus+ programa (job shadowing). Cilj mobilnosti bio je upoznati se s programima biblioterapije u knjižnici. Posjetile su ogranak knjižnice (Naujoji Vilnia) koji dugi niz godina provodi programe biblioterapije. Osim biblioterapije za djecu koju provode psiholozi, a knjižničari su samo koordinatori, provode i art terapiju te logoterapiju za odrasle. Kako se ovaj ogranak knjižnice nalazi u specifičnom okruženju (socijalno deprivirane obitelji, migranti) pa su i svoje programe prilagodili korisnicima. Kolegice su obišle i centralnu knjižnicu u Vilniusu gdje su ih upoznali i s njihovim programima i odjelima. Ravnateljica Suzana prezentirala je kolegicama iz Vilnusa rad i programe kutinske knjižnice.

Bibliotherapy in Erasmus+ program

Abstract

The librarians of the Knjižnica i čitaonica Kutina library Suzana Pomper and Vjera Huić-Pendeš visited Vilnius, Lithuania and the city library there (Central Library of Vilnius City Municipality) as part of the Erasmus+ program (job shadowing). The goal of the mobility was to get acquainted with bibliotherapy programs in the library. They visited the branch of the library (Naujoji Vilnia), which has been implementing bibliotherapy programs for many years. In addition to bibliotherapy for children, which is conducted by psychologists, librarians are only coordinators, they also conduct art therapy and logotherapy for adults. As this branch of the library is in a specific environment (socially deprived families, migrants), they adjusted their programs to the users. Colleagues also visited the central library in Vilnius, where they were introduced to their programs and departments. Director Suzana presented the work and programs of the Public Library Kutina to colleagues from Vilnius.

Keywords: bibliotherapy, Erasmus, job shadowing, library
