LEXPERA d.o.o. – pravni portal IUS-INFO

Sažetak

LEXPERA d. o. o. Zagreb tvrtka je za pravno i poslovno informatičko internetsko izdavaštvo. U vlasništvu je holding-tvrtke IUS Legal and Business Solutions BV, Amsterdam. Glavna usluga tvrtke je pravni portal IUS-INFO, a ostale usluge su poslovni portal InSOLVE i EDUS (za obrazovne ustanove). IUS-INFO (www.iusinfo.hr) jedinstveni je *online* pravni informacijski sustav koji sadrži ažurirane katalogizirane i potpuno pretražive zakone i sudsku praksu u izvornom obliku. Osim toga, IUS-INFO omogućuje pristup pravnoj literaturi, mišljenjima i tumačenjima nadležnih tijela, objavama insolventijskih postupaka, korisnim *online* alatima poput izračuna plaće i zateznih kamata te mnogim drugim sadržajima. Ažuran i točan sadržaj te vrlo učinkovita i *user-friendly* pretraga svakom korisniku osigurava izvrstan povrat ulaganja. Bitne su prednosti sustava IUS-INFO u brzom i kvalitetnom pretraživanju podataka te povezanosti između pojedinih dokumenata. Najnovija korisna funkcionalnost portala IUS-INFO je LEXI tražilica (prvo pravno rješenje s podrškom ChatGPT jezičnog modela u Hrvatskoj).

Abstract

LEXPERA d.o.o., based in Zagreb, is a company specializing in legal and business IT internet publishing. It is owned by the holding company IUS Legal and Business Solutions BV, Amsterdam. The company's primary service is the legal portal IUS-INFO, and other services include the business portal InSOLVE and EDUS (for educational institutions). IUS-INFO (www.iusinfo.hr) is a unique online legal information system that contains updated, cataloged, and fully searchable laws and case law in their original form. Additionally, IUS-INFO provides access to legal literature, opinions, and interpretations from relevant authorities, publications of insolvency proceedings, useful online tools like salary and interest calculators, and many other resources. The system's up-to-date and accurate content, along with highly efficient and user-friendly search capabilities, ensures an excellent return on investment for every user. Key advantages of the IUS-INFO system lie in fast and quality data search and interconnection between individual documents. The latest useful functionality of the IUS-INFO portal is the LEXI search engine (the first legal solution with ChatGPT language model support in Croatia).
